A green velvet armchair is the central focus, positioned in a room with a white fireplace mantel. The chair is adorned with a pink textured blanket and several pillows: a large brown and white diamond-patterned pillow, a smaller grey and white patterned pillow, and a solid tan pillow. In the foreground, two more pillows are placed on the floor: one with a tan and white striped pattern and another solid tan pillow. The background features a white fireplace with a decorative mantel holding various glassware. The wall has white paneling, and the floor is made of light-colored wood.

Gallery designers take great care with the colours used in the 'Collections'. The limitations of the printing process may mean a slight variation in colour. Every reasonable care has been taken to ensure that the reproductions are accurate. Descriptions in the catalogue are approximate only. Due to the nature of the product and its manufacture, there may be variations in materials, colour, size and finish.

We always seek to improve our product and reserve the right to make changes at any time without notice. This catalogue supersedes all previous issues.
